Dear Parents,

Welcome Back Everyone!

It is so very exciting to welcome you back to another exciting year of PSR and the opportunity for our staff to work with you and your child in sharing our Catholic faith. We are so glad to be offering you our classes each week this year. We have certainly missed our students and want to catch up with them and join them as they continue their faith journey. Students will no longer be required to wear a mask, however the final decision is up to you the parent and we will respect your wishes. We will continue to care for their environment to insure the safest possible classrooms.

Safety measures we are taking will include:

- Asking parents to not send their child should they have a cold or are generally not feeling well.
- Hand sanitizer & Clorox wipes will be in all of the classrooms
- Classrooms will be sanitized before and after all classes to insure a clean and healthy environment.

Our classes will begin on Sunday, **September 12th @ 9:00 a.m.** each week at this time. The enclosed calendar should help to keep everyone organized.

A copy of our calendar will also be posted on our web site, www.milanstanthony.org along with our bad weather policy and other important information under the PSR tab. It will also be handed out on opening day.

Parents you are the primary educator of your child/rens; however attendance in class is vital when preparing to receive the sacraments. We only have the students one hour a week and time is crucial in providing our students with a quality religious education experience. I also understand and share your concerns at this time, and the decision to send your child or keep him/her home is respectfully the parents. Please do not hesitate to contact me should you have any questions or concerns. Together and with the grace of our heavenly Father, we can work through this.

PSR is about providing for the youth of our parishes, a sincere love, desire and understanding for their Catholic Faith. Please join us as we look forward to another faith filled year with the children of St. Anthony/St. Mary parishes.

Sincerely Yours in Christ,

Linda Salmons
